

Gninninmagnignon Silué

Full-Stack Engineer (Backend-Oriented) | Java · Spring Boot · React · DevOps

+212 776 323 683 | gninninmagnignonsilue@gmail.com | [linkedin.com/in/gninema-silue](https://www.linkedin.com/in/gninema-silue) | github.com/Gninho-silue | silue-dev.vercel.app | Casablanca, Morocco

PROFILE

Software engineer specializing in Java backend development and distributed architectures. Experienced in designing scalable REST APIs and deploying cloud-native applications. Available immediately for Full-Stack or Backend roles.

TECHNICAL SKILLS

Languages: Java 21, TypeScript, JavaScript, Python, SQL

Frameworks: Spring Boot 3, Spring Cloud, Spring Security, Node.js, Express | React 18, Next.js 14, Tailwind, Redux

Architecture: Microservices, Event-Driven (EDA), REST API, WebSocket, OAuth2/JWT

Cloud & DevOps: Docker, Kubernetes (K8s), GitHub Actions, AWS, Helm, Terraform

Databases: PostgreSQL, MySQL, MongoDB, Redis

Practices & Tools: Git, Agile/Scrum, Unit Testing, CI/CD, SOLID, Design Patterns, Maven, Postman

PROFESSIONAL EXPERIENCE

Full-Stack Developer Intern – Final Year Project (PFE)

March – July 2026

Techpal Services

Casablanca, Morocco

- Developed 9 custom Odoo 17 modules in Python for a B2B e-commerce platform
- Optimized SQL queries (-30% loading time) and implemented critical business rules with RBAC
- Built a real-time analytics dashboard with React and REST APIs

Full-Stack Developer Intern

August – November 2025

Techpal Services

Casablanca, Morocco

- Designed data models and automated business workflows
- Implemented secure Role-Based Access Control (RBAC) architecture
- Developed a real-time interactive dashboard with React and REST APIs

FULL-STACK PROJECTS

Banking Microservices System | Java 21, Spring Boot 3, Spring Cloud, Kafka, Kubernetes, Docker

2025

- Cloud-native distributed microservices architecture (accounts, loans, cards) with Spring Cloud Gateway
- Asynchronous communication via Apache Kafka, OAuth2 security, LGTM observability stack
- Kubernetes deployment with Helm, Prometheus/Grafana monitoring

JobPilot | Next.js 16, TypeScript, Groq AI, Stripe, Clerk, Supabase, Prisma | jobpilot-jet.vercel.app

2026

- AI-powered job search SaaS: CV adaptation, cover letter generation in 5 seconds, and interview prep using Groq.
- Integrated Stripe subscriptions (Free/Pro), Clerk OAuth, Supabase Storage, Groq API (Llama 3.3 70B)
- CI/CD with GitHub Actions, Vercel deployment, Vercel Analytics

TaskPro | Spring Boot, React, PostgreSQL, WebSocket/STOMP, Docker, JWT

2025

- Collaborative task management platform with secure REST API (JWT, RBAC)
- Real-time notifications via WebSocket/STOMP, JUnit/Mockito tests, Docker containerization

EDUCATION

ENSA Al Hoceima

Engineering Degree in Computer Science Science

2023 – 2026

ESTEM Casablanca

Preparatory Classes (CPGE), MP/MPSI

2021 – 2023

CERTIFICATIONS & LANGUAGES

Oracle Certified Professional: Java SE 17 Developer

Oracle Cloud Infrastructure DevOps 2025 Certified

French: Native **English:** B2 – Professional Working Proficiency
